

Environmental Planning and Range Sustainability

Kelly Knight
Environmental Planning Division Manager
NAVFAC Atlantic

Rodger W. Jackson
Range Sustainment Branch Head
NAVFAC Atlantic

June 2011

Presentation Agenda

- **Introduction and Current Environment**
- **Overview of NAVFAC Environmental Planning and Range Sustainability**
 - Types of work performed
 - Contract vehicles
- **Acquisition strategy**
- **Summary**

Introduction and Current Environment

We are going to have to change the way we do business:

- **Constrained resources – need to focus on improving efficiency in product delivery**
 - **Pervasive perception that National Environmental Policy Act (NEPA) documents take too long, cost too much, and are of poor quality**
 - **More collaborative efforts between NAVFAC and contractor teams (e.g., products likely to be jointly prepared by NAVFAC and contractor personnel)**
 - **3-year versus 5-year Indefinite Quantity (IDIQ) contracts**
- **We need your expertise and ideas!**

Types of Work- NEPA Infrastructure

- **Environmental Assessments (EAs) and Environmental Impact Statements (EISs) for:**

- **Homebasing/Homeporting**

- New Airframes (Joint Strike Fighter (JSF))
- New Platforms (Littoral Combat Ship (LCS), Carrier Vessel Nuclear (CVN))
- Relocations (Ships/Aircraft)

- **Military Construction (MILCON)/Facility efforts**

- Leased Airfields
- Military Land Withdrawals
- Piers, Wharfs, Child Development Centers, Hospitals
- Alternative Energy

- **U.S. Fleet Forces Command (USFF); Commander, U.S. Pacific Fleet (CPF), United States Marine Corps (USMC); and Commander Navy Installations Command (CNIC) support**

Types of Work - NEPA Operations and Range Sustainment

- **EAs and EISs for Range Complex Operations**
 - Range Complex (Tactical Training Theater Assessment & Planning (TAP)) NEPA
 - Atlantic Fleet Training and Testing (AFTT) and Med
- **Training Capabilities Sustainment**
 - Range Complex Management Plans (RCMPs)
- **Range Capabilities Sustainment**
 - Operational Range Clearance (ORC)
 - Range Sustainability Environmental Program Assessment (RSEPA)
- **USFF, CPF, USMC support**

Current Contract Vehicles

- **NEPA and Range Sustainment**

- Use fixed-price IDIQs

- NAVFAC Atlantic and NAVFAC SW currently have large contracts available corporate-wide

- Other FECs use mix of unrestricted and local small business IDIQs to complete NEPA and Range Sustainment efforts

Acquisition Strategy - Proposed Contracts and Milestones

NAVFAC Component	Acquisition Planned	Duration	Capacity \$M	FEDBIZ OPs	Target Award
NAVFAC ATLANTIC	Range Sustainment/ Worldwide Munitions (SB-MAC)	3	\$100	Q3 FY11	Q1 FY12
NAVFAC ATLANTIC	Range Sustainment/ Worldwide Munitions (SB-MAC)	3	\$250	Q2 FY14	Q4 FY14
NAVFAC ATLANTIC	TAP II (UB –A/E)	5*	\$75	Q3 FY12	Q4 FY13
NAVFAC ATLANTIC	NEPA Operations (UB-A/E)	3	\$20	Q3 FY13	Q2 FY14
NAVFAC WASHINGTON	NEPA/NR/CR (UB-MAC)	3	\$8	Q1 FY12	Q2 FY12

Details for each proposed contract are under development. Information is provided for planning purposes only.

*Waiver request to be submitted. Contract duration and capacity subject to change.

Acquisition Strategy - Proposed Contracts and Milestones

NAVFAC Component	Acquisition Planned	Duration	Capacity \$M	FEDBIZ OPs	Target Award
NAVFAC SOUTHWEST	In-water/Coastal (UB-A/E)	3	\$30	Q1 FY12	Q4 FY12
NAVFAC SOUTHWEST	NEPA Inland Desert (UB-A/E)	3	\$30	Q1 FY13	Q4 FY13
NAVFAC SOUTHWEST	NEPA Infrastructure (UB-A/E)	3	\$30	Q1 FY13	Q4 FY13
NAVFAC SOUTHWEST	NEPA Operations (UB-A/E)	3	\$30	Q1 FY13	Q4 FY13

Details for each proposed contract are under development. Information is provided for planning purposes only.

Summary

- **Workload expected to remain level or decline slightly in the foreseeable future:**
 - Later phases of TAP (updates and supplements only)
 - Smaller overall MILCON program
 - Have not yet seen impact from alternative energy initiatives
- **Contracts will have a regional focus, however, they will include provisions for interoperability**
 - Contracts will be available to all NAVFAC components
- **Mix of small and large business – with most being fixed price**
